## THE GATHERING

The Interspecies Council has convened. Now you've been sent back two centuries to 2022, but why? Start inside the raised vestibule at Old Customs House, corner entrance.

## THE JOURNALIST

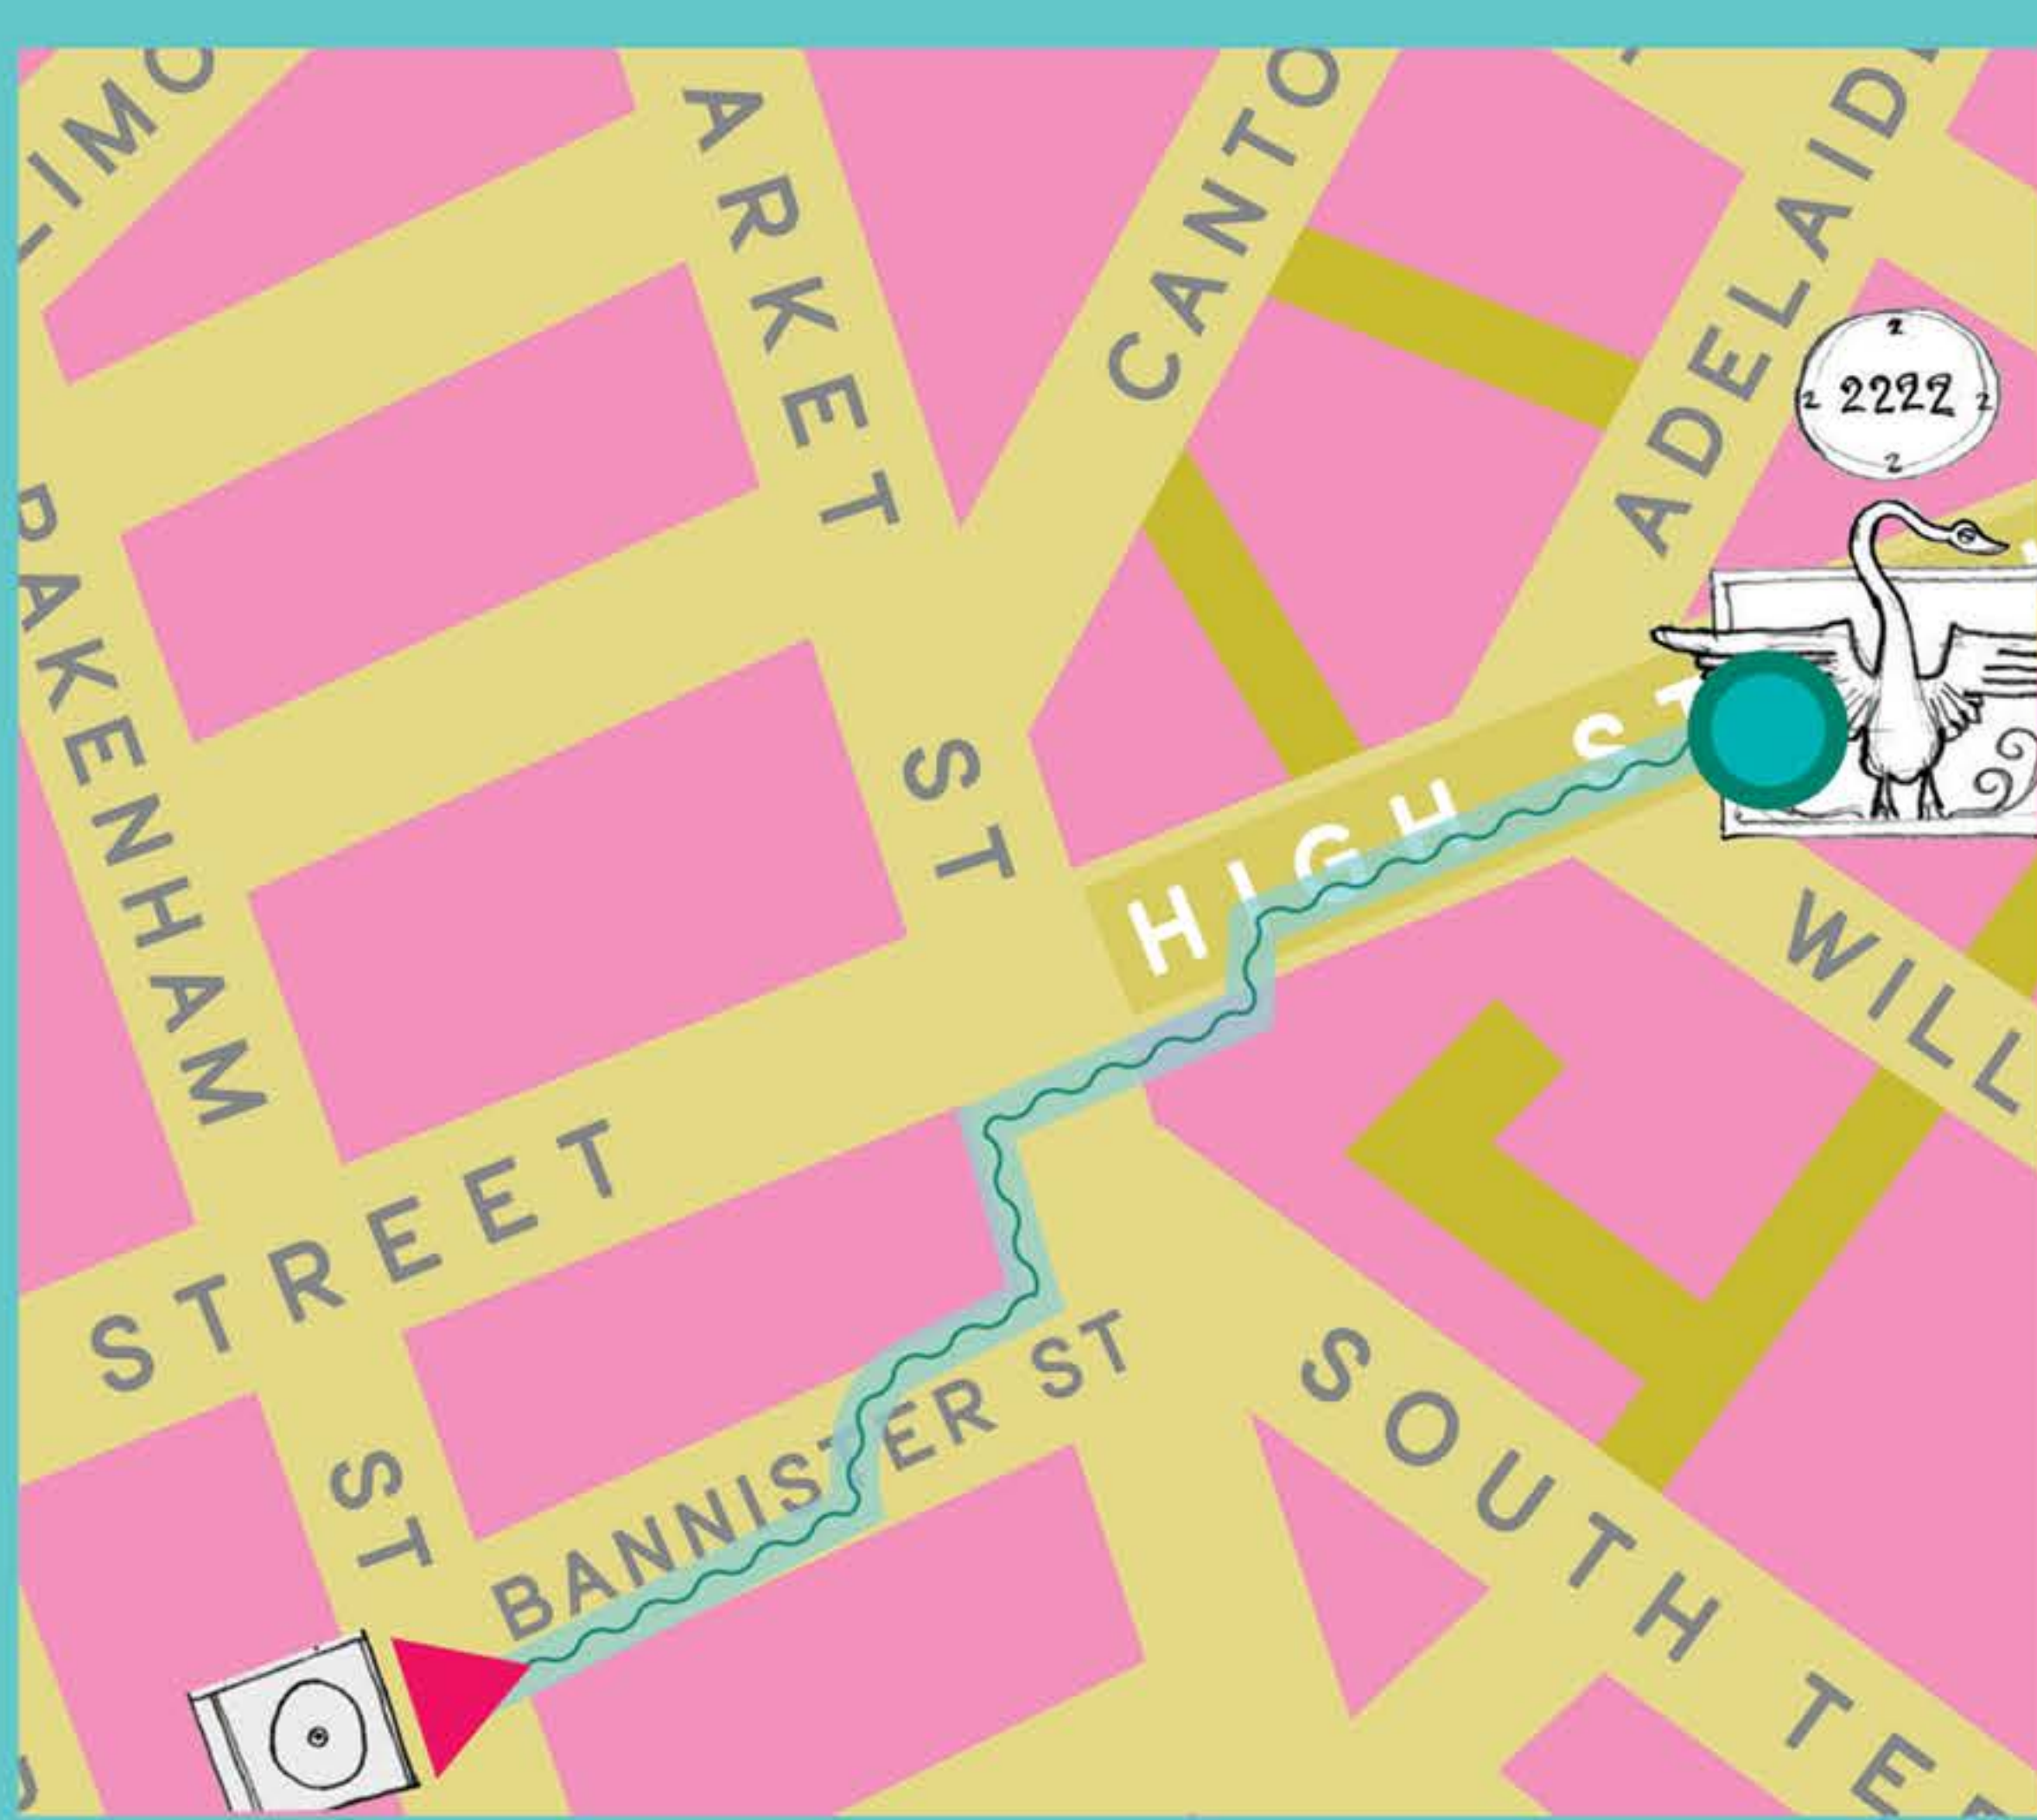

Discredited, in danger, and missing for some time, an old friend has sent you this MNI Mycelium Neural Immersion. Stand under the singular streetlight at the beginning of South Mole.

## HUMAN 2022

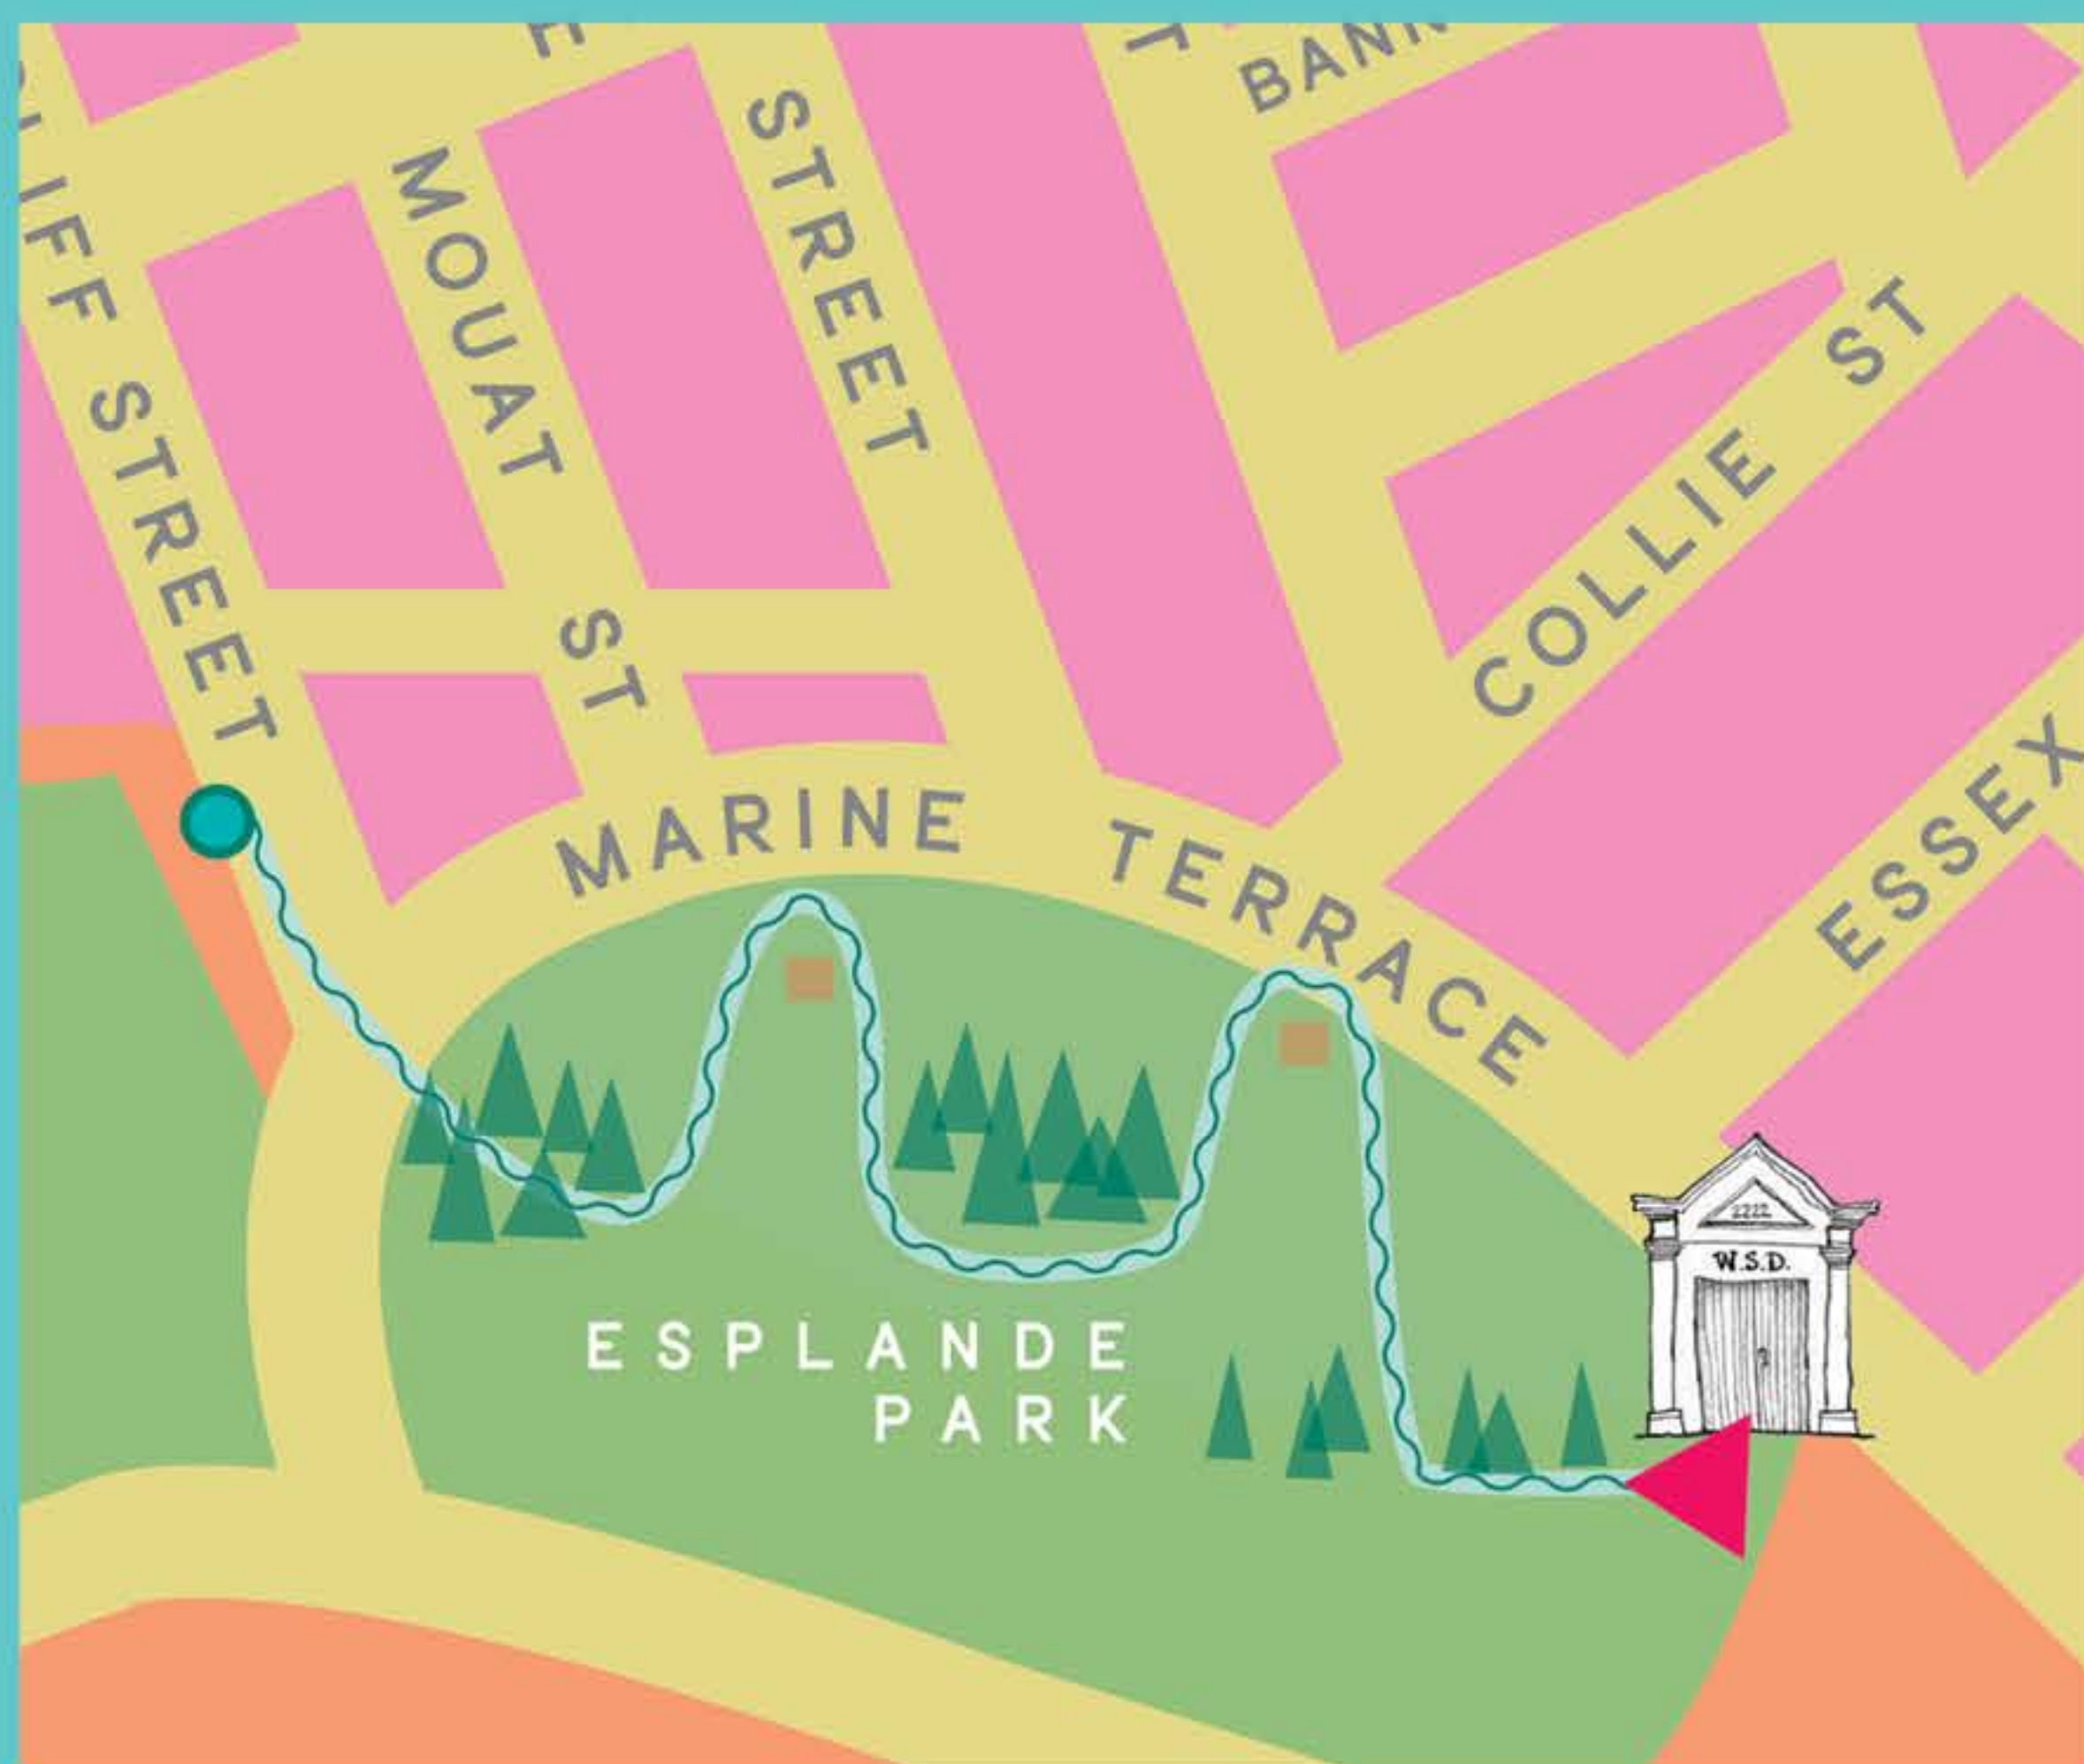

Relax, Breathe. You are going on a journey. A journey into your own mind. Stand with your back to the lighthouse, turning your face landward.

## MERPORTALS

An art and architecture enthusiast's loving ahistorical sploosh to the effortlessly scenic ruin of Old Town Hall. Find the concrete circle in the Pakenham St pavement opposite Bannister St. It contains the Mycelium Booster needed to remotely charge this audio tour.

## FUTURE CAT

A Glitch in the Mycelium Neural Net? This cat needs your help for an urgent mission. Stand in front of the 1913 W.S.D. building.
